Boiling Beef per pound.....	5c

PROJECT ABANDONED

ALL EFFORTS TO PROMOTE SEMI-CENTENNIAL EXPOSITION DISCONTINUED.

BUT LARGE SUM WILL BE ASKED FOR IMPROVEMENTS AT THE FAIR GROUNDS.

St. Paul, March 30.—There will be no semi-centennial celebration of the admission of Minnesota into the Union of States, and, what is more, there will be no further attempt to convince the legislators that such a celebration is desirable. The vote in the senate by which the semi-centennial project was defeated will be taken as sufficient notification that the senate at least is opposed to the project, although the Hackney bill was defeated by only one vote.

This course has been decided upon by the men who have been urging the fight for a semi-centennial celebration the board of managers and friends of the "state fair" will take some of the legislators who have opposed the exposition project at their word, and a bill will be prepared by the terms of which \$400,000 for needed improvements at the fair grounds will be provided. This bill probably will be introduced by Senator Hackney on Monday as a substitute for the original exposition bill.

There were words flying in the air when the speaker of the house announced the passage of the motion to adjourn, and refused to listen to an appeal from his decision or to a motion for reconsideration. It was the liveliest little scrap since the opening of the session.

Objected to Adjournment.

Thursday the house tried to adjourn until Monday, but this was voted down on a roll call. Friday there was a light house, though enough to do business. At noon J. H. Dorsey moved that "out or deference to those whose conscience compelled them to stay away we do now adjourn." There was silence for a moment and then came cries of "no, no, no." O. N. Thundale of Harmony, who was in the chair, put the question and after the viva voce vote he announced "that the chair is in doubt," and had the members stand and be counted. After the count he announced the motion carried and the house adjourned.

This started things, and some of the members who thought they had kept the count began crying for a roll call or a recount. A. J. Rockne of Zumbrota was up seeking to be recognized, but the chairman could not see him. Mr. Rockne wanted to make the point that under the new rule the house could not adjourn at noon without a two-thirds vote.

Just then Speaker Johnson slipped into the chair and there were further cries of appeal from the decision of the chair and cries for roll call. But the speaker maintained that the house stood adjourned and he could not consider a motion for reconsideration or in any way change the decision.

The house passed a bill under which the county board may direct the county treasurer to visit such places in the county as he deems expedient for the purpose of receiving taxes. The count-

ty board is authorized to pay the expenses of such visits. The bill was introduced by the Otter Tail delegation and passed under suspension of the rules.

Railroad Bills Passed.

The three bills recommended for passage by the house railroad committee Thursday evening passed under suspension of the rules. One is the bill by L. C. Spooner of Morris, permitting one member of the railroad commission to hold hearings and make a decision in all matters except those pertaining to the reasonableness of rates. At present only a majority of the commission can act.

Another of the bills is by A. J. Rockne of Zumbrota and prohibits railroads from abandoning any track or switch without consent of the persons concerned, or the railroad commission.

The third bill, also by Mr. Rockne, requires the companies to file a blue print and specifications of any railroad they have constructed, and a statement of the cost of construction before they begin operating it.

The house passed the bill authorizing cities of 50,000 to issue \$300,000 park bonds. The bill was introduced in the senate by W. W. Dunn and passed some time ago. It was approved by the Hennepin, Ramsey and St. Louis delegations in the house, and was passed under suspension of the rules.

The county auditors and treasurers are given four-year terms by a bill introduced in the house by John T. Lommen of Comstock. The present county auditors shall serve until 1911. Under this arrangement the auditors and treasurers will be elected at alternate elections.

A schedule of fees to be paid by savings banks to the state is provided in a bill introduced in the house by Elmer E. Adams of Fergus Falls. Savings banks with assets less than \$250,000 pay \$20; those below \$1,000,000 pay \$30; those below \$5,000,000 pay \$50, and those above pay \$5 additional for each additional \$1,000,000.

A bill compelling Indian children to attend school when their expenses are paid was introduced in the house by W. L. Case.

HOT FIGHT IN CHICAGO.

Mayorality Campaign in That City Is Very Bitter.

Chicago, March 30.—Chicago is experiencing one of the bitterest mayorality campaigns in the history of the city. Mayor Edward F. Dunne is the Democratic candidate, while the Republicans are planning their faith on Fred A. Busse, postmaster of Chicago. At the commencement of the campaign the street railway ordinances were the issue, but a personal fight so bitter in character has developed that the real issue has almost been lost sight of. Every newspaper in the city, both morning and afternoon, with the exception of two, are supporting Postmaster Busse and the street car ordinances, recently passed by the city council over Mayor Dunne's veto. The interests of Mayor Dunne are being looked after by the two newspapers of W. R. Hearst, and the voters are being treated to some choice political arguments. Ancient history, some of it said to be true and a great deal of it declared false, is being resurrected and as a result one libel suit as a direct result, involving \$2,500,000, has been started and many more are threatened.

The workers of both parties have made a thorough house to house canvass of the entire city and figures are offered which showed the election of both the candidates by large majorities.

SHOTGUNS AND REVOLVERS.

Witness Says He Thinks They Were Used at Brownsville.

Washington, March 30.—Lieutenant Greer, quartermaster and acting battalion adjutant of the Twenty-fifth infantry on the night of the affray at Brownsville, was on the stand in the investigation by the senate committee on military affairs. In the absence of Captain Macklin he took command of Company C while the shooting was in progress. He testified in detail concerning the events at the post that night.

At the conclusion of a long direct examination, the witness told Senator Foraker that while he had believed the men of the Twenty-fifth infantry did the shooting, his mind was now open on the subject of their guilt or innocence. He thought the firing came from about the center of the town and that shotguns and revolvers were used. It was his opinion that high power rifles were not used in the firing he heard. He estimated that it would require forty or fifty minutes to clean a gun so that it would stand inspection after having been fired. He did not believe the guns could have been cleaned in the dark without showing traces of oil, if oil were used, and if oil was used the guns could not be thoroughly cleaned.

Woman Jumps Over the Falls.

Niagara Falls, N. Y., March 30.—An unknown woman jumped to death over the brink of the American Falls from Prospect Park. Several people witnessed the tragedy. The woman was about forty years old and was dressed in black.

ALL OF THEM ARMED

GRAFT INVESTIGATORS AT SAN FRANCISCO SAID TO CARRY REVOLVERS.

ATTEMPT TO RESCUE RUEF

WOULD RESULT IN DEATH OF PRISONER IF ORDERS WERE CARRIED OUT.

San Francisco, March 30.—No meeting of the grand jury being held Friday, a pause was given in the bribery-graft investigations. Today the grand jury expects to conclude, at least temporarily, its investigations into the alleged bribery of eighteen supervisors by the Pacific States and Home Telephone companies to which, according to the prosecution, seventeen of the eighteen have already confessed. The investigation of this subject has resulted in the indictment of various corporation officials and several members of the municipal administration. It is the understanding that no more indictments will be returned this week.

On Monday the grand jury expects to resume its investigations of the alleged bribery of supervisors in the granting of trolley franchises to the United Railroads, and the trial of Abraham Ruef on the French restaurant extortion cases is scheduled for resumption Tuesday. Should Assistant District Attorney Heney desire to go ahead with the alleged bribery investigations instead of with the trial of Ruef, the latter may again be postponed.

Sensational Statement Made.

A sensational statement was given out by Special Agent William J. Burns and other members of the prosecution to the effect that Mayor Schmitz is trying to force the resignation of five of the supervisors, so as to defeat an alleged intention of the supervisory board to revoke certain of the public service franchises which the prosecution claims were secured by bribing the board.

The sensational statement that every person openly identified with the prosecution of the alleged grafters and bribers is carrying a revolver, that several of the more prominent are employing a bodyguard, and that an attempt to rescue Abe Ruef by force is not unlooked for, was made by one of the chief investigators. He also said, and it was subsequently confirmed, that Elisor Biggy has given orders to Ruef's seven guards to "shoot Ruef first, the others afterward," if an attempt to rescue the indicted man by armed force is made.

The owner of the Fillmore street house to which Ruef has been removed from the St. Francis hotel, threatens a civil suit against the lessee of the dwelling on the ground that he has allowed it to be turned into a prison. The district attorney's office has advised Elisor Biggy to "stand pat."

FINANCES THE INVESTIGATION.

Rudolph Spreckels Furnishes Funds for Graft Inquiry.

San Francisco, March 30.—Rudolph Spreckels, who, by backing the prosecution in the graft investigation with his fortune, made the present investigation possible, gave to the Associated Press a statement in which he said:

"Contributions from citizens to the fund of \$100,000 guaranteed by me before the commencement of the bribery-graft investigation are coming in steadily, though slowly. They are in amounts from \$20 to \$1,000 and more."

"In the event that the ultimate total of subscriptions falls short of the \$100,000 guaranteed, will you make the deficit good?" Mr. Spreckels was asked.

He replied: "I certainly will, and if it costs more than \$100,000 to complete this prosecution that will make no difference. Those engaged in its furtherance will never be hampered by lack of funds, no matter what the bill may be."

"The work of investigating will not be suspended until every bit of rottenness has been fully exposed. We fully expect to land behind the bars of the penitentiary every giver of bribes and that the 'higher up' the offender, the more vigorous will be his pursuit."

"We do not, however, expect to send every bribe-taker to prison. Some of the miserable men who sold themselves to the corporations must be granted immunity in aid for their testimony, which is worth a great deal more to us as evidence of the guilt of high corporations than their own incarceration would be."

In conclusion Mr. Spreckels said: "Every department of the city government will be thoroughly examined before the investigation is completed, the police department along with the others. No one will be neglected, no set of officials will be overlooked."

Extra Special.

We received a large number of new novelty tight fitting and covert jackets this morning. This wind will doubtless subside tonight the weather will grow warmer and you will be glad to have a new coat tomorrow. Come in tonight, and get one.

The same express brought a number of our special \$5.98 skirts.

"Michael's"

"Reduso"

The New W. B. Corset

for stout ladies.

It is a corset too that fully meets every requirement of the figure demanding a corset which will give form to a figure and comfort and wear. The W. B. "REDUSO" is very low in the bust but very long below the waist line and does not occasion discomfort when sitting. The long lines below the waist line are not rigid as the garment is made with a partly "rag skirt" which insures comfort.

If you are a stout figure and want the best corset manufactured for stout ladies, see the "REDUSO."

"Michael's"

"La Veda,"

A whalebone filled corset

for those wanting a very good one.

This is perhaps the most popular whalebone filled corset on the market today. It is first of all a corset for comfort and yet it has the very best of service. Some think that a whalebone filled corset is a luxury; this is not true. There is the service too.

We fit all the better grades of corsets.

"Michael's"

PLEASE REMEMBER THIS!

I promise to do my best to satisfy my friends and customers when they buy or repair their bicycle at my stand.

Yours,

E. J. ROHNE,

719 Laurel St.

Special Sale of

5 and 10 CENT GOODS

During this sale your nickles and dimes will do double duty. It is your chance to secure your every-day necessities at prices which in many cases fall far short of what the average merchant has to pay for them at wholesale. We've made preparations for this sale for weeks, picking up a little lot here and another there at very much reduced prices—and now we are ready to give you the benefit of these purchases. Here are a few examples of what your nickles and dimes will buy:

What 10c Buys

Large Water Pails
Flour Sifters
Large Enamel Pudding Pans
Large Hammers
Large Fancy Dishes and Vases
Comb and Brush Cases
Etc. Etc.

What 5c Buys

Double Mincing Knives
Scrub Brushes
5 Dozen Clothes Pins
Large Dust Pan
Dover Egg Beaters
Glass Tumblers 3 for 5c
Large Dinner Plates 6 for 35c

Luken's Big Store,

710 Front Street.

SATURDAY, MARCH 30, 1907.

HEARST has asked the Chicago Tribune to pay him \$2,500,000 because of an alleged libelous article appearing therein. At this rate it will pay almost anyone to be libeled.

ADVERTISING for a position and giving as one of his qualifications that he "absolutely has no fear of death," will undoubtedly get the Chicago man a job. As a suggestion, the czar of Russia is looking for a sub.

THE East Grand Forks municipal lighting plant which was recently burned will not be rebuilt and by a practically unanimous vote the citizens have decided to enter into a contract with a Grand Forks company to supply the city with electricity. The plant was not a paying proposition.

THE moving picture shows and vaudeville performances at Fargo are said to be working wonders for the temperance movement. The saloon men of Moorhead claim that if the temperance advocates knew how the shows were cutting into their business they would want to see one running on every street corner in Fargo.

"GREAT opportunities in Minnesota" is the title of a booklet just issued by State Auditor S. G. Iverson, which contains full information regarding the sale of school and state lands during June and July. The book gives many illustrations of farm scenes in the different counties and a minute description of the lands. The sale in this county occurs on Saturday, June 15.

THE government officials do not fear high water this spring and the conditions are such that the dams at the headwater of the Mississippi will be able to take care of all the surplus. While there has been a great amount of snow this winter the ground was not frozen before it came to any depth and consequently as the snow melts it will soak into the ground instead of flowing into the streams. The snow in the woods is gradually disappearing and it is anticipated that the ground will be bare before any perceptible rise in the river will be noted. The reservoirs have ample capacity to care for the water that will accumulate with the spring rains and freshets.

America lodge No. 45 D. of H. will give one of their enjoyable dances Tuesday evening, April 2, at Columbia hall. Good music assured. All are welcome. 25413

One safe rule for young housewives: Begin using Hunt's Perfect Baking Powder, you'll never want to use any other.

LOCAL NEWS NOTES.

Mrs. E. Smiley was down from Nary today.

F. W. Ford, of Pequot, was in the city last night.

Miss Minnie Jasorke went to Randall, Minn., today.

D. M. Mahon, of Aitkin, was in the city last night.

Marcus Mattson, of Tamarack, visited Brainerd yesterday.

Fanny Spooner, of Durand, Wis., was in the city last night.

Editor Silk, of Pine River, was a Brainerd visitor today.

Store your stoves and household goods with D. M. Clark & Co. 235tf

Mrs. John McCarthy returned today from a visit to the twin cities.

✓Rev. Dr. Copper went to Walker today to hold Easter services there.

Eugene F. Forbes, of Pine River, was in the city last night on business.

L. P. Stuart, of South Wayne, Wis., was in the city today on business.

Dr. Batcheller went to Minneapolis on professional business last night.

D. J. Grover, of Park Rapids, Minn., was visiting in Brainerd yesterday.

D. J. Strickland and Otto Miller, of Aitkin, were in Brainerd last night.

Freeman E. Krech, of the Aitkin Age, was in the city today between trains.

Delicious strawberries for Easter only 15c a box at Bane's Busy store. 25343

✓W. H. Strachan returned today noon from a trip of several days over the M. & I.

R. W. Tanzer and family went to Pequot today to spend Easter with relatives.

J. L. Smith and F. B. Snyder, of Minneapolis, came in from that city this afternoon.

Sherman Jacobson, assistant cashier of a Motley bank, was in the city today visiting friends.

There will be a prayer meeting at the Y. M. C. A. Sunday at 4 p. m. All men cordially invited.

✓Alger Moberg came up from Owatonna last night to spend Easter with his parents and friends.

W. M. Hemingway and C. E. Hemingway, of St. Cloud, were registered at the Hotel Earl last night.

Mrs. C. L. Gillett, of the town of Dean Lake, died Monday last and was buried in Aitkin Thursday.

✓Miss Mame Reilly returned yesterday afternoon from a few days visit with friends and relatives at Staples.

Miss Trogan, of Long Prairie arrived this afternoon to spend Easter at the home of Attorney and Mrs. Larson.

Order manure for gardens and lawn from Hayes' livery. Big load for fifty cents. 2504t

Get your fire insurance from Smith Bros., Sleeper Block. Telephone 174. 238t

Edgar Parks came up from Hamline last night. His mother, Mrs. E. O. Parks, has been in the city for several days.

F. B. Weston, of Verndale, is in the city to see his son, who was operated upon for appendicitis a couple of weeks ago.

✓Miss Olive Bacon, who has been visiting at the home of W. E. Brockway, returned to her home in Pillager today noon.

✓C. A. Emerson, of Minneapolis, arrived in the city last night to assume the position of vocalist at the Bijou theater.

H. W. LINNEMANN

THE CLOTHIER

616 Front Street, Brainerd, Minnesota

MRS. WINSLOW'S SOOTHING SYRUP

has been used by Millions of Mothers for their children while teething for over Fifty Years. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. TWENTY-FIVE CENTS A BOTTLE.

✓Jerry W. Flickwir returned yesterday afternoon from his visit to Pennsylvania. He was in Pittsburg shortly after the big flood and visited the Westinghouse air brake and electrical establishments. He says they lost millions by the flood.

✓Pres. Shaw of the sixth district group of the Minnesota Bankers Association has appointed the following gentlemen as a committee on arbitration, uniform acting and legislation: W. E. Lee, Long Prairie, chairman; Geo. D. LaBar, Brainerd, Geo. Hanson, Foley.

D. M. Clark & Co. largest installment house in the city. Goods sold on easy terms. 235tf

Lillian Marie Nelson, the 10-months-old daughter of Mr. and Mrs. N. G. Nelson, 1705 Oak street East, died yesterday afternoon of pneumonia and will be buried in Evergreen cemetery tomorrow afternoon after funeral services at the house.

Miss Katherine Howland, of Fort Ripley, was in the city attending the teachers' association. Miss Howland had some samples of pen work from the pupils of the Ft. Ripley schools that are remarkably good. The pen drawing of Clarence Tucker shows talent which is certainly remarkable in a boy of his age.

Fresh cabbage 3c per pound, lettuce, radishes, celery, etc., at Bane's store. 25343

Prof. and Mrs. Wilson entertained at six o'clock dinner last night in honor of some of the prominent educators present at the teachers' association. The guests were President Sheemaker, of the St. Cloud Normal, Mrs. Ballington, of St. Cloud, E. O. Kieve, Deerwood, president of the Crow Wing county association, Prof. T. B. Hartley and Dr. and Mrs. J. A. Thabes.

There was quite a scare at Mme. Gradelmeyer's millinery parlors this morning. The plumbers had disconnected a steam pipe connecting with the second story and the janitor, not knowing they were at work, started a fire. The steam poured into the room and it looked as if it might damage the millinery stock seriously, but the end of the pipe was covered with rugs and some of the stock was removed from the room and luckily little damage resulted.

MAY'S EASTER PLANTS AND FLOWERS.

We have a large and better stock than ever of Lilies, Roses, Hyacinths, Tulips, Azaleas, Spireas, Daffodils and Narcissii. Fresh cut flowers of all kinds, cut from our own greenhouses. Church decorations a specialty. Write for our Easter Price List.

TWENTY-TWO KILLED

RESULT OF THE WRECK ON THE SOUTHERN PACIFIC ROAD AT COLTON, CAL.

RESPONSIBILITY NOT PLACED

CORONER'S JURY HAS NOT YET DECIDED WHO IS TO BLAME FOR ACCIDENT.

Colton, Cal., March 30.—As a result of the wreck of the Sunset express on the Southern Pacific's line at Colton the death list has reached twenty-two. The bodies of nearly all have been identified. As to the number of bodies that still remain beneath the pile of debris and half demolished cars accounts differ. The wreck has not been cleared away with the rapidity that has been expected and while positive statements have been made to the effect that there are from four to eight bodies under one of the cars not yet removed, the railroad officials as positively declare that there is no evidence to that effect. Several of the injured at the local hospitals cannot survive.

Responsibility for the accident will not be officially determined until this evening, when the coroner's inquest, which was begun Friday, is concluded.

The adjournment was taken in order that the depositions of the injured engineer and fireman of the overland might be secured. The witnesses examined included the switching crew, which has been blamed for the accident. It was admitted that one had been at work only two days; that the services of a second had been only two weeks, and that the third had been employed in the yards three weeks. One, the fireman of switch engine, had never read the rules of the yard.

Believed the Train Had Passed.

T. E. Alford, foreman of the crew, testified that he had been notified at 5 o'clock that the overland was eight hours late and that he had received

Exclusive Local Representative of
Ed. V. Price & Company
Merchant Tailors, Chicago

A. C. Lagerquist, Bane Block

no subsequent notification of its whereabouts. A switchman testified up to the moment of its appearance they believed that the overland had gone through.

It was declared that Engineer Warrington had violated one of the regulations by entering the yards at a rate of speed variously estimated as from thirty to fifty miles an hour, when his train should have been under complete control.

Immediate responsibility for the open switch was assumed by J. G. Gruesmeyer, one of the switchmen, who admitted that he had left the switch open after the engine had left the main line. He had afterwards vainly attempted to flag the overland. He asserted that he should have received a second order from W. J. McIntyre, the yardmaster, notifying him when the overland express was expected. McIntyre, in turn, blames both the switch crew, who, he said, had violated a rule by working on the main line with an open switch, and the engineer of the overland, who entered the yard without his train under control.

REPORT PROVES UNTRUE.

Kidnapped Marvin Boy Not Yet Located.

Dover, Del., March 30.—The report that Horace N. Marvin, Jr., had been found in a woods near the home of his father at Kitts Hammock, upon investigation by the detectives was found to be incorrect. Word had been received here saying that the boy had been found but when detectives arrived at the Marvin home they found the rumor was baseless.

The report probably gained circulation from the fact that the Logan schoolhouse near the Marvin home was broken into and practically torn inside out by some unknown persons. This is the school at which Miss Lucy Killen, the young woman who was held up on Tuesday night by two men, is a teacher. Pinned to the blackboard in the schoolroom was a note which bore a skull and cross bones and read: "Beware: You told."

When Miss Killen came upon the two men they were talking about the kidnapping of the Marvin child. They drew revolvers and threatened to kill the girl if she breathed to any person the conversation she overheard.

The detectives got a statement from Miss Killen and they profess to believe that the two strangers knew something about the missing child, if they are not the actual kidnappers.

Subscribe for the Daily.

What your tailor?

Something wrong when the shape wears out of a suit before the cloth wears out,—when it sags, bags and gets a disreputable look before its wearing qualities are impaired.

Tailors say that won't happen when they have a chance to make and shape the garments for the man who is going to wear them.

There's a difference in appearance between clothes made for you and the kind that comes to the clothier, shipped in a big wooden packing case—their makers didn't know you were alive when they cut and made them, and after a few days wear it does not take the super-critical to draw the line of distinction either.

Wear clothes made expressly for you, they cost about the same as the other kind and if the coats wear out of shape before the cloth wears out we will make you new coats.

Call and see fabrics 5220, 5262, 5280, 5297.

\$25 to \$35 for suit or overcoat.

ALIENIST TO TESTIFY

DR. HAMILTON WILL BE A WITNESS BEFORE THAW LUNACY COMMISSION.

WILL BE THE ONLY EXPERT

REPORT ON MENTAL CONDITION OF THAW MAY BE MADE TO COURT MONDAY.

New York, March 30.—The commission in lunacy which is examining the present mental condition of Harry K. Thaw may finish its work today and be ready to report to Justice Fitzgerald by Monday. The Thaw jury will report in court once more at 10:30 o'clock Monday morning and it is the hope of the presiding judge as well as the commission that the matter of the defendant's sanity may be disposed of by that time.

If the commission should submit a report to the effect that Thaw fully understands the nature of the proceeding against him and has rationally advised his counsel, Justice Fitzgerald will simply direct that the trial proceed without making public the commission's findings. If the report should be against Thaw, Justice Fitzgerald will announce the decision from the bench and if he deems the prisoner's release to be dangerous to the public peace and safety he will sign an order directing his confinement in some state hospital for the insane.

There was no session of the lunacy board Friday and Thaw spent a quiet day in the Tombs preparing for a renewal of his mental test today. The session of the commission today again will be private and there will be no public hearings at all unless the commission decides to call witnesses other than the defendant.

Precipitated Request for Commission.

There is just a possibility that several of the doorkeepers in the Tombs may be called to give a lay opinion as to Thaw's conduct since his incarceration. The district attorney, it was said, might make one more effort to introduce testimony before the commission, but if the board holds to the narrow limits laid down for its inquiry on Thursday Mr. Jerome seems doomed to disappointment. The commission indicated that it had reached the conclusion that its members could decide from their own examination of Thaw the simple questions placed before them by Justice Fitzgerald. It was reported again today that neither Thaw's own lawyers nor District Attorney Jerome would be allowed to question Thaw or any other witnesses who may be called upon to testify at the inquiry.

From sources assumed to be authentic, it was announced that Dr. Allan McLane Hamilton, the alienist, will be called to testify before the lunacy commission. Dr. Hamilton, it was stated, will appear as a witness at the request of the commission and will be the only expert examined.

The declaration that Dr. Hamilton would be called was a surprise, as it had been generally understood that the commission would not hear anything except testimony as to the defendant's condition of mind. Dr. Leopold Putzel, one of the commissioners, it was expected, would be relied upon to determine any medical points involved.

Thaw's Jailers May Testify.

It was Dr. Hamilton's testimony at the trial that precipitated the request by the district attorney for a lunacy commission. Originally retained by the defense, Dr. Hamilton examined Thaw and was expected to qualify as a witness for the defendant. Later, however, his connection with the defense was severed and he was subpoenaed as a witness for the state. He was not called by the prosecution, but was eventually summoned to the witness stand by the defense.

Under examination at that time he testified that Thaw was insane when he examined him in the Tombs last summer and he believed him still insane. Replying to a question by Attorney Gleason for the defense, Dr. Hamilton said he believed that the prisoner was unable to properly advise his counsel. District Attorney Jerome at this point interrupted the witness and appealed to the conscience of the court to consider whether a lunacy commission should be appointed.

Thaw's attorneys were so sanguine as to the outcome of the lunacy inquiry that they are making plans for the resumption of the trial next week. It seems now that if the trial is taken up again, the defense probably will announce that it rests without further testimony. Dr. Allan MacLane Hamilton, the alienist who examined Thaw last June and July, was on the stand when the trial was interrupted. There is little likelihood that Dr. Hamilton will be recalled. If Thaw is declared to be of sound mind today and the trial resumed it should not last more than three or four days. The attorneys in their summing up addresses will not be allowed to refer in any way to the lunacy commission for its appointment and proceedings are not a part of the trial record.

Cement Company's Plant Damaged.

Sandusky, O., March 30.—Fire destroyed the "wet mill" or grinding department of the Castalia Portland Cement company at Castalia, six miles from here. Loss about \$50,000.

SITUATION IN ROUMANIA.

Appears to Be Quieting Down, But Jews and Greeks Flee.

Bucharest, March 30.—The situation in Roumania appears to be quieting down, but large numbers of refugees still continue to make their way out of the troubled districts.

An official report just issued relates that all is quiet in Moldavia, the only fresh disturbances being in the Troits valley in the Neamtz district, whither troops have been dispatched. The agitation in the districts of Olt, Roman, Mehadtz and Teleorman has become somewhat threatening, but the situation in the Dolj, Buzer and Ramnee districts has improved. No further disturbances have been reported from the districts of Braila, Argensh, Gorj or elsewhere.

The governments of Austria and Bulgaria have sent steamers to various Roumanian ports on the Danube to convey their respective subjects to neutral territory and Roumanians escaping from the disordered area also are availing themselves of these vessels.

The refugees crossing the Danube into Bulgaria are for the most part Greeks and Jews.

FIRE IN HOMESTAKE MINE.

Compressed Air Being Used to Subdue the Flames.

Deadwood, S. D., March 30.—Compressed air is being used in fighting the fire which broke out in the 600-foot level of the Homestake mine on Wednesday. Several hundred men have been overcome by gas while fighting the fire, but no fatalities have occurred. The fire has been brought so far under control that three-fourths of the regular force of men employed in the mine have been enabled to return to work.

MEETING IN CHICAGO

QUESTION OF STRIKE OF RAILROAD EMPLOYEES HINGES UP ON ITS OUTCOME.

Chicago, March 30.—Whether or not there is to be a strike of the employees in the train service of the Western railroads hinges on a meeting to be held here between two federal government officials and the representatives of the unions and the railroads. This meeting was brought about by the general managers of the railroads, who appealed to Washington for a settlement of the difficulty under the terms of the Erdmann act. The government will be represented at the meeting by Martin A. Knapp, chairman of the interstate commerce commission, and Charles N. Neill, commissioner of labor, while C. B. Brown, chairman of the board of managers, will be the spokesman for the railroads and Grand Chief P. H. Morrissey of the Brotherhood of Railway Trainmen and Chief Conductor A. B. Garretson of the conductors' organization will look after the interests of the men.

Before leaving Washington for Chicago on their mission to bring about an adjustment of the trouble by conciliation, Messrs. Knapp and Neill had the assurance of both opposing interests that everything possible would be done to prevent a strike.

Stumbling Block Remains.

The same stumbling block that prevented the railroads and the men from reaching a peaceable settlement still remains, however. The railroads declare they have conceded everything they possibly can and the union representatives are just as emphatic in their declarations that further concessions will have to be made or the coming meeting will be a failure so far as preventing a strike is concerned.

Both sides held separate meetings Friday but nothing new developed, as it was the general sentiment among the representatives of the men as well as the railroad officials that nothing should be done until the government representatives had an opportunity to try to settle the trouble by mediation.

The Brotherhood of Locomotive Firemen and the railroads are still trying to settle their differences. Another meeting was held between these interests but no agreement was reached.

HALF A MILLION DOLLAR LOSS.

Five Sweeps Business and Residential Section of Newberry, S. C.

Laurens, S. C., March 30.—Driven by a stiff wind, fire swept both the business and residential sections of Newberry, a town of 8,000 population thirty miles southeast of here, and caused a loss that may reach \$500,000. Approximately half a hundred residences were destroyed and a score of business houses in the heart of the town are in ruins.

The conflagration started in the Newberry hotel. The flames spread with great rapidity. The citizens became alarmed and appeals for assistance were telegraphed to Columbia and to this city but engines could not be sent into Newberry on account of the destruction of the railroad tracks. Two hours after the fire broke out the entire city water supply was exhausted and the town was left practically at the mercy of the flames.

Two Killed by a Bomb.

Constantinople, March 30.—There was a bomb explosion in the Pera quarter of this city. Beyond the fact that two men were killed and four wounded no details have yet been learned.

RIOTERS ARE BOLDER

TROOPS UNABLE TO SUPPRESS AGRARIAN DISORDERS IN ROUMANIA.

Bucharest, March 29.—The efforts of the government to suppress the revolt of the peasants have met with only partial success. The troops are now acting with increased energy. A large number of rioters have been killed in the numerous conflicts with the soldiery, but as yet there is no sign of permanent amelioration of conditions. On the contrary, the rioters appear to be becoming bolder and more determined, and the situation is undoubtedly aggravated.

As an indication of the apprehension existing even in the capital, the new prefect of Bucharest as a measure of precaution has ordered all shops in the city closed. This order created the impression that the rioters were approaching Bucharest and there was wild panic until it was learned that these fears were groundless.

At Vlaschaka a band of peasants called upon to disperse, refused to do so and opened fire on the troops, whereupon the latter fired three shots at them from a field gun, killing seventy men and wounding many more. According to an unconfirmed version of the encounter 200 of the peasants were killed.

A squadron of Hussars sent to Bravova came in conflict with a band of peasants and it is reported that fifty of the peasants were killed.

A serious encounter is reported to have taken place at the village of Papanhabestic, in which many peasants were killed or wounded.

The bombardment of the three villages in the Vlaschka district in which rioters had taken refuge undoubtedly resulted in a very large casualty list, but the exact number cannot be learned.

There have been sanguinary encounters in the district of Dolj and rumor places the number killed and wounded in encounters with the troops at several hundred.

The authorities are beginning to use artillery to bombard the villages where the rioters take refuge.

The peasants committed terrible atrocities in the Buzoo district, and the troops sent thither had orders to suppress the disturbances at any cost.

INDIANAPOLIS MAN WINS.

Defeats St. Paul Bowler for Individual Championship.

St. Louis, March 30.—Marshall B. Levy of Indianapolis won the individual championship of the American Bowling congress by defeating R. F. Matak of St. Paul, 582 to 385 in three games of tenpins. The men tied with 624 in the recent tournament and met to decide the championship. Levy gets the title and first money, while the second money prize goes to Matak.

Experts who witnessed the game say that Matak struggled against the worst luck that a bowler could have. He was plainly out of form, as is demonstrated by his record of eleven splits and three cherry picks. Levy, while not making a remarkable score, bowled consistently, not having an error and only three splits for the three games.

FIRST STEEL PULLMAN CAR.

This Sleeper Cannot Burn and Will Resist Smashes.

Indestructible by fire and capable of withstanding an impact of 3,000,000 pounds on its ends in case of wreck, the Jamestown, the first Pullman car built entirely of metal, is on view in the Grand Central station, says the New York Press. Max Schneider of the Pullman company, the designer of the car, boasts the Jamestown is wreck proof. He believes that if it be thrown from the rails it will bump about like a huge safe, protecting its occupants from any injury save a slight shaking.

He has reason for his belief. The Jamestown was tested in a wreck at the Pullman works before it was brought to New York. It was made the rear car in a train of eight wooden coaches, and then the train, it is said, was backed at high speed against a post. The other cars shut up like paper boxes, but the Jamestown remained intact.

In order to obtain such great strength Schneider had to sacrifice lightness. The Jamestown weighs 147,000 pounds, or about 10,000 more than the ordinary wooden sleeping car. A locomotive will be able to haul only ten of the Jamestown type where it can draw eleven wooden cars. The great weight of the car has revealed an advantage unforeseen to its designer. The first time it was sent along the rails at good speed it was found the tremendous weight practically did away with the usual annoying vibration.

In addition to being collision proof the Jamestown, the designer asserts, is fireproof. The car is built of steel, aluminum and brass throughout, so, with the exception of bedding and cushions, there are no inflammable fittings or furnishings. The bedding and cushions have been treated by a process which, it is said, has made them partly incombustible—that is, they will smolder, but not blaze. Steel is used wherever strength is required, and aluminum is used for panels.

The car was brought to New York to permit the Pennsylvania and Central officials to inspect it. It will be taken back to the Pullman works and will be sent to the Jamestown exhibition as soon as that show opens.

A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of. "The Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has the BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

TELEGRAPHIC BRIEVITIES.

Governor Campbell has signed the bill making gambling a felony in the state of Texas.

Fire at La Crosse, Wis., destroyed two large business blocks, causing a loss of \$200,000.

State Senator Thomas Connor, the millionaire mine owner of Joplin, Mo., died Friday, aged fifty-two years, at a sanitarium at San Antonio, Tex.

Professor B. Sattler of Denver, author of "Economic Mineralogy," a standard work, died suddenly at El Paso, Tex., Friday of heart disease.

At Omaha, Farber Burns defeated Jim Parr, the English champion, Friday night, winning the second and third bouts. Parr took the first fall in 36 minutes.

Swedish Baptist church: Morning service at 10:30; Sunday school at noon; Young People's Society meeting 7:00 evening service, 7:30. Rev. P. G. Nelson, pastor.

Presbyterian church: Morning services at 10:30. Sunday school at 11:50. Junior at 3 p. m. Christian Endeavor at 6:30. Evening service at 7:30 o'clock. Prayer meeting Wednesday evening at 7:30. Rev. J. F. McLeod, pastor.

Special services appropriate to the day—see announcement in another column.

First Baptist church: Morning service at 10:30, Sunday school at 12:00 a. m. Junior society at 3 p. m. Young Peoples' society at 6:30 p. m. Evening service at 7:30. Everyone invited to every service. Strangers always made welcome. Rev. A. P. Garrett, pastor.

Program for special Easter services appears elsewhere.

First Congregational church, corner Juniper and Fifth streets: Public worship at 10:30 a. m. and 7:30 p. m. Sunday school 12. Young Peoples' Society at 6:30 p. m. Prayer meeting and bible study Thursday, 7:30 p. m. A hearty welcome awaits you at the church. E. A. Allin, pastor.
Special Easter services.

How to Remain Young

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at H. P. Dunn & Co. drug store, Brainerd, Minn. Price 50c.

Faster and faster the pace is set, By people of action, vim and get, So if at the finish you would be, Take Hollister's Rocky Mountain Tea.
H. P. Dunn & Co.

ERMETE NOVELLI.

The Great Italian Actor, Now Starring In United States.

Ermete Novelli, the Italian actor, now on a starring tour of this country, is sometimes called the Edwin Booth of Italy. His first visit to the United States was made two years ago. Since the death of Salvini he has been recognized as the head of his profession in Italy. He is supported by Olga Jinin-

ERMETE NOVELLI.

ni, who is one of the most famous of Italian actresses and who has been his leading woman for about twenty years. Signor Novelli is tall and strongly built, and the stage has been his home since childhood. His father was a count who ran away from home because he was averse to becoming a priest and who was acting as prompter in a theatrical troupe traveling through Italy when the son Ermete was born. The child's playthings were marionettes and his recreations the performances of dramas in miniature. He was successively waiter in a restaurant, barn-stormer, comedien and finally tragedian. He plays comedy and tragedy with equal facility and is very versatile, having a repertory of about 100 plays. Six of Shakespeare's dramas are numbered in this list. Signor Novelli is about fifty-five years old. He has made several tours of leading South American countries and came to the United States for his present tour from Mexico, where he was received with much enthusiasm.

BOYISH DESIRE FOR WORK.

Often a Sign of Arrested Development Instead of Strength.

Parents often think that their son is especially promising because he wants to get to work young, wants to leave school and be earning. This is never a sign of strength, but always of weakness. When a boy wants to get to work instead of getting ready to work it indicates arrested development.

There is not one probability in fifty that a boy who desires to leave school at the sixth grade and is allowed to do so will ever amount to anything. It is not the fact that he does not have as much education as the other boys, but that he does not have their purpose to get ready for the doing of things.

Teachers often greatly err in dealing with such boys and their parents by trying to show how important it is that they should know what they will learn in the seventh and eighth grades, whereas that is the least part of it. It is a case of arrested development usually, and this is what should be treated, treated as a disease.

We make a lot of talk about defective sight and hearing, and we do well, but it is vastly more important that we "get busy" in defective mental progressive development. There is a near-sightedness of parents and pupils that is criminal. It contributes to delinquency and, as I think, is within the status of and subject to court punishment.

It sometimes shows itself in diverted attention, in dissipated interest and often in overathletic or fraternity zeal. The college theory is that the fraternity clubs are the elect, but life does not show that. The data are imperfect at present, but there is enough to make it wholly probable that when the figures are in it will be clearly shown that in the last fifteen years when fraternity life has been extra social and extra political in clannishness much of the fraternity zeal indicates approaching arrested development. It is entirely clear already that this is characteristic of the high school fraternity, because it almost invariably means that a set of fellows dare not trust themselves to win honors in the open contest, but seek it as a favoritism by means of a little band of social highwaymen, as many of these high school fraternities are.—Journal of Education.

Hot on Atlantic Coast.

Washington, March 30.—Washington sweltered Friday under a heat wave whose maximum temperature reached 92 at 3 p. m., which is within 1 degree of the record for March, made last Saturday. All along the Atlantic and East Gulf states unseasonably high temperatures prevailed.

MARKET QUOTATIONS.

ATTORNEY AND SHERIFF CLASH

County Attorney Warner Asks
Judge Albright for an Order
Against Sheriff

HE DID NOT SERVE PAPERS

County Attorney Claims Officer
Failed to do his Duty in
Serving Subpoenas

The brief session of the municipal court this morning was enlivened by unusual proceedings, County Attorney Warner asking Judge Albright for an order requiring Sheriff Erickson to show cause why he should not be held in contempt of court for failure to serve subpoenas on Pat and Tom Long in the case of the state of Minnesota against Edwin Rolph. Mr. Warner alleged that Mr. Erickson purposely failed to serve the papers because he was interested in the case. Mr. Erickson declared that the papers were not placed in his hands until 9:10 this morning and that he had no opportunity to serve them. Pat Long, he said, was out of town. He admitted, during the talk, that he told Pat Long over the telephone that he would be wanted and that Long told him he could not be here but that Tom could.

Mr. Warner wanted the case continued for one week, holding the defendant under the present bonds. To this Mr. Fleming objected on the ground that the bondsmen had signed at his request. The bond was declared released and the defendant remanded to jail, the case being continued until Wednesday next at 10 a. m. There was no action taken on the charges against Mr. Erickson.

Found at Last

J. A. Harmon, of Lizemore, West Va., says: "At last I have found the perfect pill that never disappoints me; and for the benefit of others afflicted with torpid liver and chronic constipation, will say, take Dr. King's New Life Pills." Guaranteed satisfactory. 25c at H. P. Dunn & Co.'s, druggist, Brainerd, Minn.

BRIDGE WENT OUT

The Bridge Over the Crow Wing River
at Sylvan Taken Out by Ice
Thursday

The new bridge over the Crow Wing at Sylvan, which was completed recently and accepted by the boards of county commissioners of Cass and Morrison counties Wednesday, was taken out by ice Thursday. This is the second or third bridge at that place which has stood just long enough to be accepted. In every instance there seems to have been no weakness in the bridge. The Little Falls Transcript says:

"It is apparently a waste of money for the county to appropriate anything towards a bridge at that point, as the county officials state that the people most benefited by a bridge there seem to make no effort to protect it of save it from damage. The county of Morrison appropriated \$850 towards the building of the bridge."

Just received a fine line of wines and liquors at "The Nugget." 229tf

ROOF BURNED

Vacant House on North Broadway
Owned by Mrs. Walter Davis
Damaged by Fire Last Night

The residence formerly occupied by George Allen, at the corner of North Broadway and Juniper street, but which has been vacant for more than a year, was discovered to be on fire about midnight last night. The flames apparently started in the garret of the kitchen part. The fire boys responded promptly and despite the wind soon had the fire under control. The building was damaged, probably to the extent of \$200 or over. There had been no occupants in the building since Mr. Allen moved out over a year and a half ago, but it is said that the house was recently rented and was to have been put in shape for use at once. There is no clue to the cause of the fire which destroyed the roof of the kitchen and damaged the main part of house. There is said to have been no insurance on the building.

AMUSEMENTS

"Buster Brown"

Next Monday evening at the Brainerd opera house Buster Brown will play an engagement. This ever popular musical comedy has always been an immense favorite here and in its present form, it having undergone many changes all for its betterment, will no doubt add to its already strong hold on local theatre-goers both young and old. The company now engaged in the presentation of Buster Brown is made up of the best players from among those who were members of the old Buster Brown companies in addition to whom are several new players. Most notable of the latter is Master Helton who plays Buster as though it were especially written for him. He is a natural born comedian and is the first of those who have essayed this role who in the opinion of Mr. Outcault, the inventor of the character, has really grasped the full intention of the author. The distinction of being the smallest of the actors who have appeared as Buster also falls to Master Helton.

EASTER AT THE CHURCHES

Interesting Programs and Especial Music Prepared and Several Places of Worship

WILL BE MUCH FINE MUSIC

Programs by Sunday School
Scholars for Prominent Parts
of Easter Exercises

The various churches of Brainerd are making special arrangements for the observance of Easter. In nearly all churches particular attention has been given to the music for the occasion. In several the Sunday school scholars will present musical and literary programs suitable to the occasion. Below are some of the programs:

First Methodist Episcopal

MORNING.

The choir will be composed of Mrs. M. Nitterauer, Mrs. A. Paine, Miss B. Hall, sopranos; Miss Jessie Creed, Miss Catharine Rounds, Mrs. G. Williams, altos; F. E. Harmer, C. F. Davis, tenors; Alden Fuller, A. A. Pearce, Basses; Mrs. W. S. Rounds, organist. Salutory, "Welcome, Happy Morning," "Lord We Come Before Thee Now," Ployel. Apostle's Creed, Congregation. Prayer, Pastor. Chant, Lord's Prayer, Choir. Anthem, "Come Ye Faithful," Emerson. Bible Reading, Pastor. Offertory, Baptism. Hymn, "Hymn of Joy," Beethoven. Sermon, "Christ's Resurrection a Myth or a Fact?" Prayer. Anthem "Hail the Day," Adams. Choir. Hymn, "Faith of Our Fathers," Walton. Benediction, Pastor.

EVENING

At the evening service the sacred cantata, "The Hero of the Cross," will be rendered by the older students of the Sunday school. The Sunday school orchestra, Miss Effie Drexler, Miss Rachael Whitford, violins; Harold J. Rounds, cornet; Arthur Hetting, tenor horn; Miss Catharine Rounds, organist, assisted by the church choir and conducted by Professor G. W. Kimball, will assist in the music of the cantata. Several Easter class songs will also be given.

First Baptist

MORNING

Prelude—Mrs. S. Powell. "Holy, Holy, Holy"—Congregation. Invocation. Responsive reading from Psalms 24. Hymn—"I am He that Liveth by the choir. Scripture reading from Luke 24, followed by prayer. Hymn—"Christ Arose," by the choir. Offering and offertory anthem, "Consider the Lilies." Solo—"Hosanna," by Miss Irene Cain. Sermon. Duet—"The Crucifix," by Misses Irene and Myrtle Cain. Extending hand of Fellowship to New Members. Observance of the Lord's Supper.

EVENING

The subject for the evening sermon will be "The Great Temptation, or Lessons from the Moment of Life." Miss Irene Cain will sing, "O, Divine Redeemer."

Presbyterian

Organ Voluntary. Doxology. Invocation. Hymn No. 45. Responsive Reading. Gloria. Anthem—"Easter Bells are Chiming," Quartette. Scripture Lesson, A. F. Loud. Prayer. Solo—"The Lord is Risen," Lansing. Miss Lottie White. Notices. Offertory. Quartette—"O Day of Christ," J. C. Bartlett. With Soprano and Violin Obligato. Sermon—"The Resurrection Morning," Solo—"Easter Tide," Liddle. Mrs. S. W. Mowers. Hymn No. 37. Benediction.

AFTERNOON

Ascalon Commandery Easter Service. Special music by same Singers

EVENING

Organ Voluntary. Hymn No. 113. Prayer. Anthem—"They Have Taken Away My Lord," J. Stainer. Hymn No. 128. Quartette. Scripture Reading. Notices. Offertory. Solo—"Easter Eve," Chas. Gounod. Miss Ethel Meberg. Prof. Lensrud, Violin. Prayer. Solo—"Hosanna," Granier. Prof. Woodward. Sermon—"Jesus in the Midst." Anthem—"Once the Lord of Glory Lay," Bartlett. Quartette with soprano and Violin Obligato. Hymn No. 117. Benediction.

TEACHERS' ASSOCIATION

Crow Wing County Teachers Held a
Very Interesting Meeting in Brainerd
Yesterday and Today

The spring meeting of the Crow Wing County Teachers' Association, which closed at noon today, was one of the most successful in the history of the association. The session yesterday afternoon was devoted to matters of interest to the fraternity, the interest centering in a very valuable and very interesting talk on geography by President Shoemaker, of the St. Cloud Normal. The evening session, which was held in the high school building, was addressed by President Shoemaker, who spoke with even more than his usual ability and the address was much enjoyed by the many teachers and others present. There was a fine musical program prepared by Mrs. Dial, instructor in music in the Brainerd schools. Mrs. Ballington, of St. Cloud, said to be one of the finest singers in that part of the state, was present and favored the audience with selections. The program this morning was largely devoted to routine business.

G. D. Hethrington, northwestern manager of the Chicago and New York Electric Air Line railroads, is at the City hotel and parties desiring any information as to the proposition should see him. 2542p

MARCH TAX SETTLEMENT

Total Amount is Over \$7,000
Less than the Amount Distributed Last Year

LESS STATE TAX COLLECTED

Crow Wing County Also Pays
\$400 Less for State Taxes
Than Last Year

County Auditor Smart has completed the abstract of the March 1907 tax settlement and it shows a considerable amount less revenue distributed between the several taxing districts than last year. The figures of the two years are as follows.

YEAR 1906.

Total collection of state taxes	\$ 3,522 35
County taxes—	
Revenue	3,966 77
Roads and bridges	1,250 13
Poor	597 04
Bond and interest other than state loans	3,048 08
Other special taxes	401 80
City and village taxes—	
Revenue	3,961 42
Road and bridge	
Poor	
Bond and interest other than state loans	537 27
Local assessments	365 84
Other special taxes	266 61
Township taxes—	
Revenue	1,198 29
Road and bridge	1,745 88
Poor	18 41
Delinquent road	708 29
Other special taxes	10 71
School taxes—	
Local 1 mill	1,205 06
Bond and interest other than state loans	2,668 24
Special school taxes	12,970 47
Penalty, interest and cost collected on delinquent taxes	2,129 70
Collections for hunter's licenses	195 30
Total	\$ 40,767 64

YEAR 1907.

Total collection of state taxes	\$ 3,107 44
County Taxes—	
Revenue	2,438 71
Road and bridge	1,134 6
Poor	555 3
Bond and interest other than state loans	2,200 98
Other special taxes	561 98
City and village taxes—	
Revenue	3,206 78
Road and bridge	234 66
Poor	
Bond and interest other than state loans	647 06
Local assessments	478 50
Other special taxes	
Township taxes—	
Revenue	1,058 45
Road and bridge	1,783 25
Poor	15 41
Delinquent road	830 55
Other special taxes	5 12
School taxes—	
Local 1 mill	1,119 13
Special school taxes	12,996 27
Penalty, interest and costs collected on delinquent taxes	1,955 87
Interest and principal on state loans from tax list of 1906 and former years	291 62
Collections from hunters' licenses	179 10
Total	\$ 34,860 81

The March settlement is always composed almost entirely from the receipts from personal property taxes. With the exception of cases where delinquent taxes have been paid, usually to permit the transfer of real estate, there have been no real estate taxes paid since the November tax settlement.

TIME NOT OPPORTUNE.

United States Will Not Intervene in Central American War.

Washington, March 29.—The moment has not yet arrived when America and Mexico can intervene to stop the spread of war in Central America. This was the decision arrived at as the result of a conference between Secretary Root and Ambassador Cress at the state department. The secretary also had the benefit of the advice received by the diplomatic representatives of the Central American states from their own governments. The absence of definite information from the officials, who are embarrassed by the collapse of the Bonilla government in Honduras and the consequent installation of the provisional government in accord with that of Nicaragua will result in a combined attack by them upon other Central American republics. The apprehension of such a movement has greatly alarmed all of the other states and it is said that Central America after an unusually long term of peace is now being rapidly turned into an armed camp in readiness to repel attack from any quarter. It is said that there is no disposition on the part of this government to act the part of policeman toward these sister republics, but it would welcome any proper opportunity to restore peace.

BREWERY WORKERS STRIKE.

Loss Brewers Refuse to Grant Wage Increase Demanded.

St. Louis, March 30.—In an effort to enforce demands for increased wages made by members of the United Brewery Workers' union, about 850 brewery workers walked out of the twenty-three breweries in St. Louis. The boss brewers refused to grant the sliding scale increase demanded of from 5 to 60 per cent and endeavored to effect a settlement by a general increase of 5 per cent. They finally of-

fered a general increase of \$1.00 a week to each employee. The offer was made too late to stop the strike and the walkout took place, halting work in every St. Louis brewery. The total membership of the United Brewery Workers' union is 3,000.

The demands for increased wages, it is stated, were based on the grounds of increased cost of living. The refusal to grant the demands, it is stated, was based on the statement that inability to increase the price of beer and the increase of from 25 to 46 per cent in the price of materials would not admit of a greater increase in wages at this time.

In East St. Louis, Ill., forty brewers in the two breweries walked out when the St. Louis strike was declared. The strikers are members of the St. Louis Brewer's union. None of the other classes of labor in either of the two breweries is affected.

Did Not Call at White House.

Washington, March 30.—Governor Davidson of Wisconsin and a legislative committee from that state were in Washington for a few hours Friday, returning from Georgia, where they inspected the marble to be used in the construction of the new state capitol at Madison. Governor Davidson did not call at the White House, as was expected.

TRADE REPORT ENCOURAGING.

Warm Weather Stimulates Retail Trade and Crop Progress.

New York, March 30.—Bradstreet's review of trade says bright, warm, almost summer weather stimulating alike to retail trade and crop progress; a cessation of liquidation in securities and an easing of strain in the money markets, so far as the April first period is concerned, are the notably favorable features in an encouraging week. Reports as to Easter demand are of a large, in fact record trade, thus crowning a three months' period which except in a few sections has exceeded any preceding year and the only drawback in which has been the getting of goods in sufficient volume to supply demand. Less pessimism is shown as to the crop outlook; insect damage is, comparatively speaking, minimized, and winter wheat aside from parts of the Southwest and Texas, promises well, though it is of course still too early to forecast ultimate output. On the other hand, collections are still backward, which is attributed variously to slow deliveries of goods, congestion of farm product deliveries and finally to the heavily increased volume of past trade. Money is still high in price, a long period of this condition is apparently in sight and there is a disposition to await a clearer view of the future, and especially the matter of crop prospects, before extensive commitments are made as to the distant future. This is perhaps best illustrated by the holding off by buyers of pig iron for the third quarter and by the quieting in demand for fine cotton fabrics for later delivery. For anything like prompt delivery cotton goods are, however, strong and some fabrics are really higher. Export trade shows rather more life. Wool is quiet, partly because high money and dealers refuse to meet high views of growers. There is more unrest in labor circles, notably in the matter of railway employees and of building hands. Talk of retrenchment by railways is still rife but cancellation of orders for rails and other material are so far reported light. There is less firmness in the prices of some metals.

Promised Division of Money.

Arthur A. Beck, assistant city engineer, who resigned immediately after the bribery disclosure, is alleged to have been promised a division of all money allowed on padded estimates and Alfred A. Shoemaker, a street paving inspector, is alleged to have been on the pay roll of the Cleveland-Trinidad company. According to Cannon, Beck received about \$500.

The following are the indictments: Fred J. Immel, president of the board of public service, four indictments for accepting bribes.

Fred Lied, member board of public service, two indictments, accepting bribes.

Charles E. Burr, member board of public service, four indictments, one for bribery and three for making purchases for the city from a firm in which he is personally interested. The latter charge is a felony punishable by disqualification from office, fine and imprisonment.

M. F. Bramley, president Cleveland-Trinidad Paving company, seven indictments for giving bribes.

Nelson Cannon, former superintendent Cleveland-Trinidad Paving company in Columbus, six indictments, offering and giving bribes.

H. C. Lang, superintendent Cleveland-Trinidad Paving company, four indictments, giving bribes.

R. Stanley Rhodes, Columbus manager American Sewer Pipe company, one indictment, for offering a bribe.

Arthur A. Beck, former assistant city engineer, three indictments, accepting bribes.

Alfred Shoemaker, city street paving inspector, one indictment, accepting bribe.

All were released under heavy bail.

The East Broad street paving contract was awarded to the Cleveland-Trinidad company last July and was only recently completed. The company's bid was \$122,039 and many extras have since been allowed.

JENNIE BURCH INSANE.

Young Girl Who Poisoned Baby Winslip Goes to Asylum.

Carmel, N. Y., March 29.—Jennie Burch goes to Matteawan. The jury which since Monday had been trying the young girl for the poisoning of Baby Wilbur Winslip returned a verdict of not guilty, by reason of insanity, and Justice Miller at once ordered her committed to the asylum for the criminal insane.

The verdict came to the fifteen-year-old girl as she sat alone in the courtroom and she broke down and wept bitterly. But after she had tried her tears, Mrs. Herbert Winslip, the mother of the baby to whom Jennie gave the poisoned peach, went to her to say good-bye. In spite of her grief over her baby's death, Mrs. Winslip could not forget the girl she had reared, and tried to cheer her. She clasped the girl in her arms and kissed her and told her that she freely forgave her.

Herbert Winslip, the father of the poisoned baby, also told Jennie that he had forgiven her and promised that Roscoe, the older child, should visit her at Matteawan.

Big Bomb Fails to Explode.

St. Petersburg, March 29.—White Rear Admiral Greve, commandant of the port, was inspecting the slip in which the cruiser Bayan is being constructed, a bomb, weighing five pounds, was hurled at him. The missile fell in the snow within two feet of the admiral, but did not explode. The would-be assassin escaped.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppe. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure. H. P. Dunn & Co., Druggist, Brainerd, Minn. 50c and \$1.00. Trial bottle free.

EXPLOSION OF DYNAMITE.

Kills Four White Men and Fifty Africans.

Transvaal, March 30.—Four white men and fifty natives were instantly killed and three whites and sixteen natives were injured by the unexpected explosion of two cases of dynamite at the Reifontein mine. One of the white men killed was an American, William Harvey. The explosion occurred at a time when the mine workers were mustered preparatory to going to work. A native tampered with the dynamite, which exploded.

Hunt's Perfect Baking Powder never disappoints, because it is always made the same—is uniformly good—and wholesome.

Rains Damage Railway Property.

Wausau, Wis., March 30.—Heavy rains in this section have caused considerable damage to railway property. The Chicago, Milwaukee and St. Paul tracks are under water for 1,000 feet at Granite Heights. Communication between Wausau and Merrill is cut off. The Wisconsin river is very high. Train service has been cut off for twenty-four hours. All rivers near here are out of their banks.

FEEL EVERY CHANGE OF THE WEATHER.

A Bad Back is Always Worse During Wet or Changeable Weather.

Is your back like a barometer? Does it foretell every change of weather?

Does every cold settle on your kidneys?

Bring aching, throbbing pains? Does it disorder the urine?

The kidneys are calling for help. Use Doan's Kidney Pills.

Guaranteed by Brainerd testimony.

Mrs. J. A. Johnson, living at 611 10th St., S. Brainerd, Minn., says: "My husband's work brings a constant severe strain on the muscles of the back and it recently caused an attack of kidney trouble that became worse whenever he took cold. He suffered from backache and was lame and sore that it was hard to straighten up or ever to move about. There was also an irregular action of the kidneys. Seeing Doan's Kidney Pills advertised he got a box at H. P. Dunn & Co.'s and the treatment proved most beneficial, corrected the kidney trouble and removed the pain and lameness. I also used Doan's Kidney Pills myself, with the gratifying results. They certainly act quickly and surely."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

Mortgage Foreclosure Sale.

Whereas, default has been made in the conditions of a Mortgage, executed and delivered by Carrie P. Hill mortgagor, to The Dixon Land Company, mortgagee, dated June 14th, 1905, and recorded in the Registry of Deeds of Crow Wing County, Minnesota, on July 7th, 1905, at 8 o'clock A. M., in book 2 of Mortgages, on page 256 on which there is claimed to be past due, at the date of this notice \$100 with interest at 6 per cent per annum since June 14th 1905 and the Mortgagee elects to consider the whole sum secured by said mortgage due, as it is authorized to do by the terms of said mortgage and there is therefore now due \$90 with interest at 6 per cent per annum since June 14th 1905 and no action of proceeding has been instituted to recover the debt secured by said mortgage or any part thereof.

Now, Therefore, Notice is Hereby Given, that under a power of sale contained in said mortgage, and the statute in such case provided, said mortgage will be foreclosed by sale of the mortgaged premises by the Sheriff of said Crow Wing county, at public auction, to the highest bidder for cash, at the front door of the county court house, in the city of Brainerd, Crow Wing county, Minnesota, on the 22nd day of April, 1907, at ten o'clock in the forenoon, to satisfy said mortgage, and costs and expenses of sale, including 25¢ attorney's fees, as stipulated in said mortgage.

The premises described in said mortgage, and so to be sold, are situated in Crow Wing county, Minnesota, and described as follows, to-wit: The southwest quarter of the northwest quarter and a parcel of land described as follows, viz: Beginning at the southeast corner of lot four (4), from thence running north to the shore of Serpentine lake, thence along the shore of said lake in a south-westerly direction far enough so that a line projected south to the south line of lot four (4) and from thence east on said south line of said lot four (4) the place of beginning will contain three (3) acres all in section thirteen (13) township forty-six (46) range twenty-nine (29) and containing forty-three (43) acres more or less.

DESTROYED BY FIRE.

Plant of Maryland Steel Car Wheel Company Wiped Out.

Baltimore, March 30.—Fire destroyed the plant of the Maryland Steel Car Wheel company, located at South Baltimore, in Anne Arundel county, about eight miles from this city. The flames spread rapidly and were plainly visible from the upper stories of high buildings in this city. The damage is variously estimated at from \$50,000 to \$100,000.
